

## FOR RAPID TRANSIT.

Chamber of Commerce Has Control of the New Commission.

It Will Probably Have Six Votes to Tammany Two.

John Claffin Disagrees with What Mayor Gilroy Says.

Now that the Chamber of Commerce Rapid Transit bill has received the signature of the Governor, public interest naturally centres on the question of when the new Commission will get to work.

Very little light could be thrown on this matter by the members of the Commission seen by an "Evening World" reporter today. It was too soon, they said, to make any definite statements as to the course to be pursued. Alexander M. Orr, John Claffin and Mayor Gilroy confined themselves to generalities in speaking of the probabilities of real rapid transit in the near future.

Mr. Orr said this morning: "It would not be proper for me to express myself at any length until I have met my colleagues. There will be necessarily a great deal of preliminary work. The former commission has smoothed the way in some instances, and has done work that will not have to be done over."

"I think the people of New York are to be congratulated on the opportunity offered them by the referendum clause to have a voice in the matter. Until the vote is taken, probably this Fall, the new commission cannot adopt any definite plan."

John Claffin, when asked if he could enlighten the public as to the future plans of the new Commission and the members of the first meeting, was called, said: "These are matters that I would not be becoming for me to discuss at present. As to the date of the first meeting, we are just now all at the same time, and upon whom devolves the duty of calling the first meeting is to be decided first."

Mayor Gilroy was asked if he would call the meeting. He said: "I will call the meeting if it will be held in my office, in all probability."

From other sources it was learned that the place of the first meeting would be the Chamber of Commerce. The first step would be the election of a temporary organization. One member would be appointed to secure permanent quarters and the first business meeting will be held there.

There is much satisfaction expressed to-day at the fact that the new commission is practically a Chamber of Commerce Commission. The fact that Alexander E. Orr was named, as well as the President of the Chamber of Commerce Board, gives him a double claim to the office. There is little doubt that Mr. Orr will resign as an individual member of the new Commission, but the office will be held by an ex-officio member by virtue of his Presidency of the Chamber of Commerce. This step on the part of Mr. Orr will leave a vacancy in the Board, which will undoubtedly be filled by Charles Morris Smith, the retiring President of the Chamber. This will give the Chamber of Commerce a majority over the Tammany majority of 6 to 2.

Comptroller Fitch, who is a member of the Rapid Transit Committee, has been given the question of the constitutionality of the bill any consideration. The question of the Mayor in this direction ought to have careful consideration, and the question will doubtless be passed upon by the courts.

"It seems to me too early to make predictions as to whether or not the new bill will be in favor of the action contemplated in the bill, but I am heartily glad to see some action taken, even if it is only in the direction of an experiment."

The one great need of the City of New York is rapid transit. It is far more important than any city question. The delay in rapid transit has been most exasperating to the general public, and I find this morning among the men whom I meet, a general expression of satisfaction that some effort is to be made to reach a solution of the problem.

Corporation Counsel Clark would not express an opinion, as he may be called upon to give an opinion officially as to the constitutionality of the bill.

## GILROY NOT A CANDIDATE.

Or, at Least, That Is to Be Inferred from His Remark.

Mayor Gilroy made a significant statement this morning when asked whether he would take any action to test the Rapid Transit law signed by Governor Flower yesterday, and which he thinks is unconstitutional.

"I will not do anything in the matter at present. I am not a candidate for office before the matter is disposed of by the courts."

The latter remark is taken as an indication that the Mayor has made up his mind not to be a candidate for reelection.

## RIOT AT A CIRCUS.

Several Men Shot at Wayne Court-House, Va.

HUNTINGTON, Va., May 22.—A terrible riot occurred yesterday at Wayne Court-House, twenty miles south of this city, where several thousand people had gathered to attend Robinson's circus. Just as the show was under good headway, J. D. Watts and D. E. Dinkson, who were essential, began fighting, and in a few minutes twenty men were taking an active part.

The riot lasted for nearly half an hour, and several men were shot seriously. The town was wild with excitement last night.

## SMOKE MYSTERY IN ILLINOIS.

Scientists Say the Phenomenon Is Caused by Natural Gas.

NEWMAN, Ill., May 22.—Great excitement was caused here by the appearance of what seemed to be smoke issuing from the ground on Thomas Shaw's farm, three miles west of the city. On approaching the spot no smoke could be seen, but a strong odor of gas was perceptible. The spot is about twenty acres from which the smoke seems to be issuing, and great numbers of people visit the place daily.

## THE NEW CRISIS IN FRANCE.

M. Bourgeois May Be Summoned to Form a Cabinet.

Opinion that Casimir-Perier Executed a Skillful Coup.

(By Associated Press.)  
PARIS, May 22.—The newspapers to-day anticipate that M. Bourgeois, Minister of the Interior, will be summoned to form a Cabinet.

The general opinion seems to be that Premier Casimir-Perier, aware of the attacks to which he was exposed, as a reported candidate for the Presidency in opposition to President Carnot, skillfully courted and accepted a defeat which has made him a much stronger man in the Presidential race to-day than he was at this time yesterday.

The corrected figures of the division in the Chamber of Deputies on the Premier's motion for the adoption of the Order of the Day pure and simple, on the question as to whether the Minister of Public Works had authority to allow the employees of the State railroads to attend the Congress of the Railway Workmen's Federation, show that the Premier's demand was defeated by a vote of 261 to 217, instead of 275 to 225, as at first announced.

The minority consisted of 178 Centrist Republicans, 20 members of the Right and 19 of the Left. The majority consisted of 229 Republicans, 14 members of the Right and 41 radicals. Fifty-five Republicans and 23 members of the Right abstained from voting.

The fact that Alexander E. Orr was named, as well as the President of the Chamber of Commerce Board, gives him a double claim to the office. There is little doubt that Mr. Orr will resign as an individual member of the new Commission, but the office will be held by an ex-officio member by virtue of his Presidency of the Chamber of Commerce. ## FEENEY ARRESTED ABOARD.

Abraham & Straus's Dishonest Driver in Custody.

QUEENSTOWN, May 22.—Upon the arrival of the White Star steamship Maudslayi at this port this morning she was boarded by the police, who arrested a man named Thomas Feeney, of Brooklyn, N. Y., who is said to have embezzled a sum of money from the dry-goods firm of Abraham & Straus, of that city.

Thomas Feeney, the man arrested at Queenstown to-day, was employed as a driver by Abraham & Straus, dry-goods merchants, of Brooklyn.

On Wednesday last, as related in yesterday's "Evening World," Feeney was sent to deliver a package to Thomas Henderson at McDonough street, Brooklyn, on which he was instructed to collect a bill of \$152. The prisoner, said to have obtained the money and to have shortly afterwards disappeared.
